

Pancreatic cancer is the 4<sup>th</sup> leading cause of cancer death in the United States, yet it receives a fraction of the attention and funds it deserves.

Your support of the **Pancreatic Cancer Action Network** helps provide information and resources for doctors, patients and anyone touched by this disease.

The **Pancreatic Cancer Action Network** is the first national organization specifically focused on pancreatic cancer. Established in 1999, the organization's mission is to advance research, support patients and create hope for the pancreatic cancer community.

The **Pancreatic Cancer Action Network** funds medical research grants to find causes, treatments, and eventually a cure for pancreatic cancer. At the same time, the Patient and Liaison Services (PALS) program provides educational materials for healthcare professionals, patients and caregivers at no cost. Events like this one help the **Pancreatic Cancer Action Network** reach out to more people across the country every day.

By supporting this event, you are supporting the over 37,000 Americans who will be diagnosed with pancreatic cancer this year alone. On behalf of the **Pancreatic Cancer Action Network**, thank you.
